

# Our Packages

## Sponsorship Package Donation up to £1,500

Giving to a social enterprise is very rewarding in more ways than one. Your business can help our efforts to engage & enhance our local communities & improve the environment.

We run a wide range of projects & we are always in need of extra supplies. You can become one of the many valued companies who have donated to our projects - whether that be from bottles of water to keep our volunteers hydrated or new tools to get the job done.

If your company or organisation would like to help us & in return feel good about helping a local not-for-profit business & raise your CSR profile, we would welcome any donations of products including food & drink. Take a look at some of the companies & organisations that have already done so:
